

## Keystone Web® Software Administration (Indianapolis, IN)

---

### Course Description:

This one day, hands-on class will assist the user in navigating through the basics of administering the Keystone Web® software. The user will learn to manage cores, doors, keys, locks and key-holders through the use of practical exercises. The user will also learn how to back up the database, manage users, import door & people information and create reports. The use of optional functionality can also be explored on an as-needed basis.

**Who Should Attend:** Anyone who is responsible for managing cores, doors, locks, keys and key-holders with the Keystone 600N5® software.

**Cost:** No Charge

**Location:** BEST Access Solutions, Inc.  
6161 E. 75<sup>th</sup> Street  
Indianapolis, IN 46250

**Time:** 8:00 AM - 4:00PM (Eastern) (Lunch and beverages will be provided)

**Class Attire:** Clothing appropriate for a casual, business environment (clean jeans are welcome). No open-toe shoes or high heels if attending the factory tour.

This class offering is part of a suite of one-day training classes that includes:

- PRECISION Exit Device Installation & Service/STANLEY Door Closer Installation & Service
- BEST Cylindrical & Mortise Locks Installation & Service
